

NAGANAGOWDA C LINGADALA

Aspiring Data Analyst | Data Associate | SQL | Excel | Power BI

Karnataka, India | 7892818005 | princerichie143@gmail.com
Linkedin: <https://www.linkedin.com/in/naganagowda-c-lingadala>

PROFESSIONAL SUMMARY

Data Associate with hands-on experience in data operations and a strong focus on transitioning into Data Analytics. Skilled in **Microsoft Excel, SQL, Power BI, data cleaning, reporting, data validation, and dashboard development**. Currently building practical analytics projects and strengthening advanced Excel, SQL, and Power BI capabilities. Seeking a **remote Data Analyst, MIS Analyst, Reporting Analyst, or Data Associate** opportunity where I can contribute through data-driven reporting and analysis.

CORE SKILLS

Data Analytics: Data Cleaning & Validation, Data Analysis, Data Quality Checks, Data Transformation, Reporting & MIS, KPI Tracking, Business Reporting

Technical: Microsoft Excel (PivotTables, VLOOKUP/XLOOKUP, IF, SUMIFS, COUNTIFS, Charts, Data Validation), SQL (SELECT, DISTINCT, WHERE, ORDER BY, AND, OR, NOT), Power BI (Data Visualization, Dashboards, Data Modeling, Power Query, DAX fundamentals), Google Sheets, Basic Python, GitHub

Soft Skills: Analytical Thinking, Problem Solving, Attention to Detail, Data Accuracy, Communication, Time Management, Remote Collaboration

PROFESSIONAL EXPERIENCE

Data Associate — Falcon Telesourcing | Karnataka, India
June 2026 – Present

- Process and maintain operational data while following accuracy and quality requirements.
- Perform data validation and identify inconsistencies or missing information.
- Work with structured datasets and maintain accurate records.
- Support daily operational reporting and data-related activities.
- Use Excel and spreadsheet tools for data organization, analysis, and reporting.
- Follow defined processes and maintain productivity and quality standards.
- Develop practical understanding of business operations, data quality, and reporting requirements.

PROJECTS

Customer Support Operations Dashboard | Excel | Power BI | Data Analysis

- Created an interactive dashboard to analyze customer support operations.
- Analyzed KPIs including ticket volume, resolution status, response time, priority, and agent performance.
- Used data cleaning and transformation techniques to prepare raw data for analysis.
- Created PivotTables, charts, KPIs, and interactive visualizations.
- Designed the dashboard to help identify operational trends and performance gaps.

Sales & Business Performance Dashboard | Excel | Power BI | SQL

- Analyzed sales data to identify revenue trends, top-performing products, regions, and categories.
- Used SQL queries to filter, sort, and analyze structured datasets.
- Used Excel for data preparation, calculations, PivotTables, and reporting.
- Built Power BI visualizations to communicate business performance.
- Developed an analytical approach to convert raw data into actionable insights.

Data Analytics Portfolio | GitHub | Excel | SQL | Power BI

- Building a portfolio of practical data analytics projects.

- Documenting project objectives, data preparation, analysis, dashboards, and insights.
- Publishing selected projects through GitHub and a personal portfolio website.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- **Microsoft Office Specialist: Excel Associate / MO-211** – Preparing
- **Microsoft Power BI / PL-300** – Preparing
- **Oracle SQL Certification** – Planned / Preparing
- Advanced Excel & Data Analytics – Ongoing
- SQL for Data Analysis – Ongoing
- Power BI & Dashboard Development – Ongoing
